

Subject: **UPDATED Energy Code Training Sessions**

Sent: 4/5/2016

Due to great interest in the energy code training sessions scheduled for next week, put on by Focus on Energy, additional training sessions and an expanded Green Bay session have been added to accommodate more attendees.

These trainings will address recent changes to Wisconsin's energy code for one- and two- family homes (SPS 322) and ensure builders are meeting the new requirements.

Please see the attached PDF flyer for further information. To reserve your spot at one of the trainings, please click the appropriate link below:
